

Can you hear me? Lesson 1

Yes, action speaks louder than words. Who you are is defined less by what you say and more by what you do. Jesus said a lot of things that many church people can rattle off on command. The question is: Was it what He did or who He was that validated what He said? I believe it's both. His true character and resolve appeared in His journey to the cross. He said a lot without uttering many words. His question to us is: Can you hear Me?

Read John 18:19-26

Sometimes we forget that Jesus was a Jew, born and raised. Can you imagine growing up in a religion, your parents being in the religion, only to have the religious people turn on you? Maybe you've had this experience. I'm praying healing over you as I write these words. We at Message would love to hear your testimony. Share with us via social media using #messagemag.
